Brian and Tom:

Are you available at 2:00 pm tomorrow to discuss EPA's latest draft of the AOC by phone ? We probably won't need more than an hour at most.

CK

Subject: Revised Draft

Chris and Rob,

Attached is a revised draft. Apologies for the late transmission - EPA HQ is still not fully operational and other people in Region 2 are working remotely.

There are notes in draft for your information. Our drafting assumption based on our discussions is that the City will perform the work within the tank footprint and be reimbursed by Grid for MGP-related costs.

My recollection is that we were going to have a call on Friday. If you can confirm a time, I will provide the call-in number.
